REPORT OF SCHOOLHOUSE BUILDING COMMITTEE

Owing to the high prices of materials and labor your committee were unable to complete the work assigned to them within the appropriation made at the last annual meeting. Enough, however, has been done to place the two buildings in a serviceable condition, although this involved exceeding the sum raised. At the time of making this report notice has been received that the seats for the Plains room have been shipped. When installed they will cost approximately \$400.00, which sum should be added to the deficit as shown below in making appropriation for the coming year. Whatever amount may be expended for toilet arrangements will involve a further addition to that figure. We submit herewith a summary of expenses.
